

Campus Access Control Report

This report summarizes the access control logs for Gate 1 on **October 3, 2025**. It highlights granted and denied entries with details of individuals attempting entry.

Summary:

- Total Logs: 71
- Granted Entries: 55
- Denied Entries: 16
- Most Frequent User: Vivek Maurya (Multiple accesses)
- Suspicious Activity: Several denied attempts with Unknown IDs (e.g., 901234567, 23102044)

Log ID	Name	Unique ID	Decision	Time	Gate
2	Yash Agarwal	22102074	Granted	18:03	Gate 1
3	Rushikesh Nikam	10000001	Granted	18:06	Gate 1
32	Unknown	789012345	Denied	19:39	Gate 1
41	Vivek Maurya	23102044	Granted	20:29	Gate 1
65	Unknown	901234567	Denied	22:14	Gate 1

This data indicates a need for closer monitoring of repeated unknown ID attempts. The system is effectively logging both valid and suspicious activities for security tracking.
